Yeah.
IF HE TAKES ANOTHER PUNCH LIKE THAT, HE'S A GONER FOR SURE!
So why does he keep on standing up?
HE'S CLEARLY NO MATCH FOR GODA!
I never would've expected him to last this long...
He surely doesn't have a reason to go the distance against Goda?
It would have been easier if he had just stayed down...

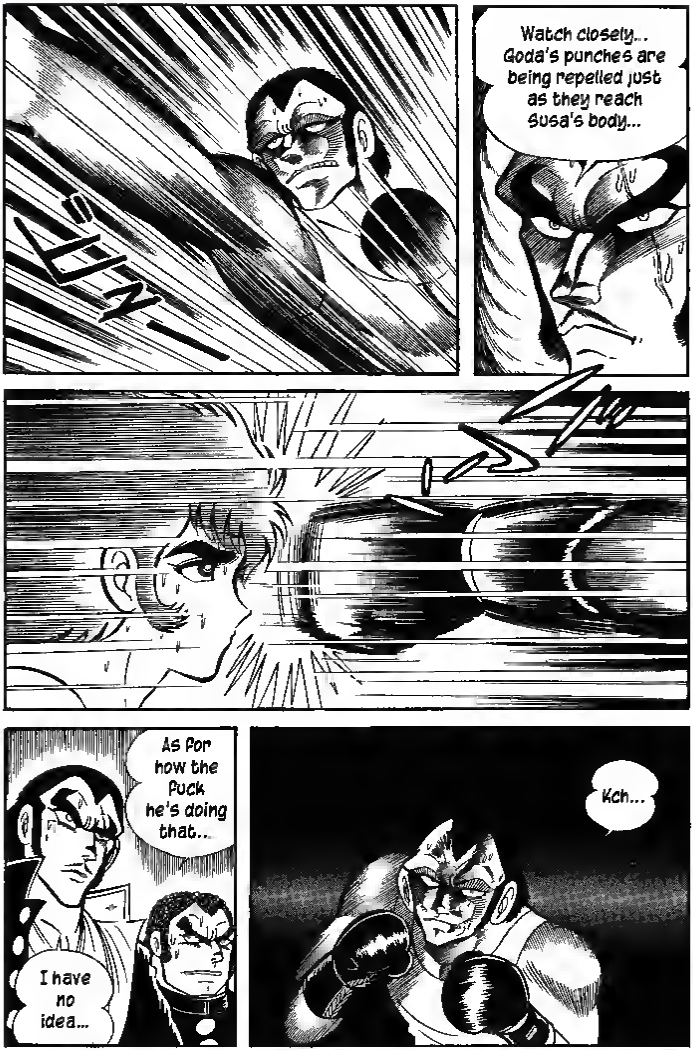
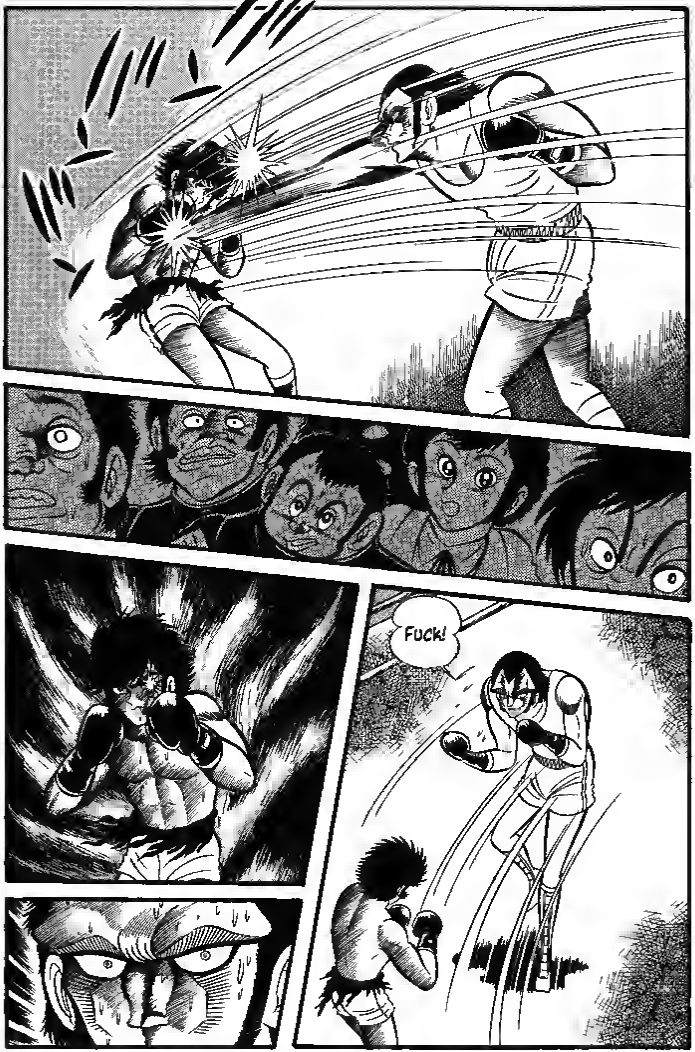
Goda's punches sound like they're connecting.. but they're not!
I'm not sure.
Hey, what the Fuck's going on here!?



Watch closely... Goda's punches are being repelled just as they reach Susa's body...
As for how the fuck he's doing that...
I have no idea...
Kch...



FUCK!

The hell is Goda doing...?
For all I know, it might be related to that spirit power...
He's using my super power...!
It's a psychic barrier!
ALL BY HIM-SELF!
Looks like he has somehow managed to awaken his power.
it's definitely much stronger than yours!
If it can fend off even Goda's punches, then...
